Alternative Assessment option

Any adult student enrolling in a full time program may submit a copy of their official ACT composite score of **19 or above in lieu of taking the TABE Assessment. The ACT test must have been taken within the past 5 years.**

If this score is not provided within two weeks of the date of application, the application will be put on hold and not considered for acceptance until the score is provided.

I understand this provision and plan to submit my ACT score report instead of taking the TABE assessment for admission. I understand that if I fail to provide the score in a timely manner, my application will not be considered.

Heavy Equipment/CDL Career Major additional requirements

1. Every adult applicant must provide a copy of a valid driver's license at the time of the interview. Applicants who do not have a current driver's license will not be accepted.
2. Every high school applicant who desires to take the CDL portion of the career major must turn 18 by February 1st of their senior year.
3. Each student must have taken the required CDL physical before beginning that portion of the program.
4. All high school students will be enrolled in the Heavy Equipment Operator Career Major at the start of the coursework. The CDL portion will be added to those who want to complete for that certification.
5. High school students are encouraged to get their driver's license before starting the Heavy Equipment Operator program.
