Freedom of Expression Report

Calendar year 2019

By December 31st of each year, Pontotoc Technology Center posts on its website and submits to the Governor and Legislature a report that details the course of action implemented to comply with the provisions of the Tech Center Freedom of Expression policy. This report details the course of action implemented to be in compliance with the requirements of 70 O.S. §2120.

Were there any barriers to or incidents of disruption of free expression occurring on campus, including but not limited to attempts to block or prohibit speakers and investigations into students or student organizations for their speech?

NO

If YES, describe the nature of each barrier or incident as well as what disciplinary action, if any, was taken against members of the campus community determined to be responsible for those specific barriers or incidents during the calendar year.

N/A

The purpose of this report is to provide information the technology center deems valuable for the public to evaluate whether free expression rights for all members of the campus community have been equally protected and enforced. (See section 16A, "Freedom of Expression," in the Pontotoc Technology Center policies and procedures publication for more information about this policy.)

I certify this report to be accurate and complete.
