

The school continues - via video!

Directly in the browser. Desktop & Mobile

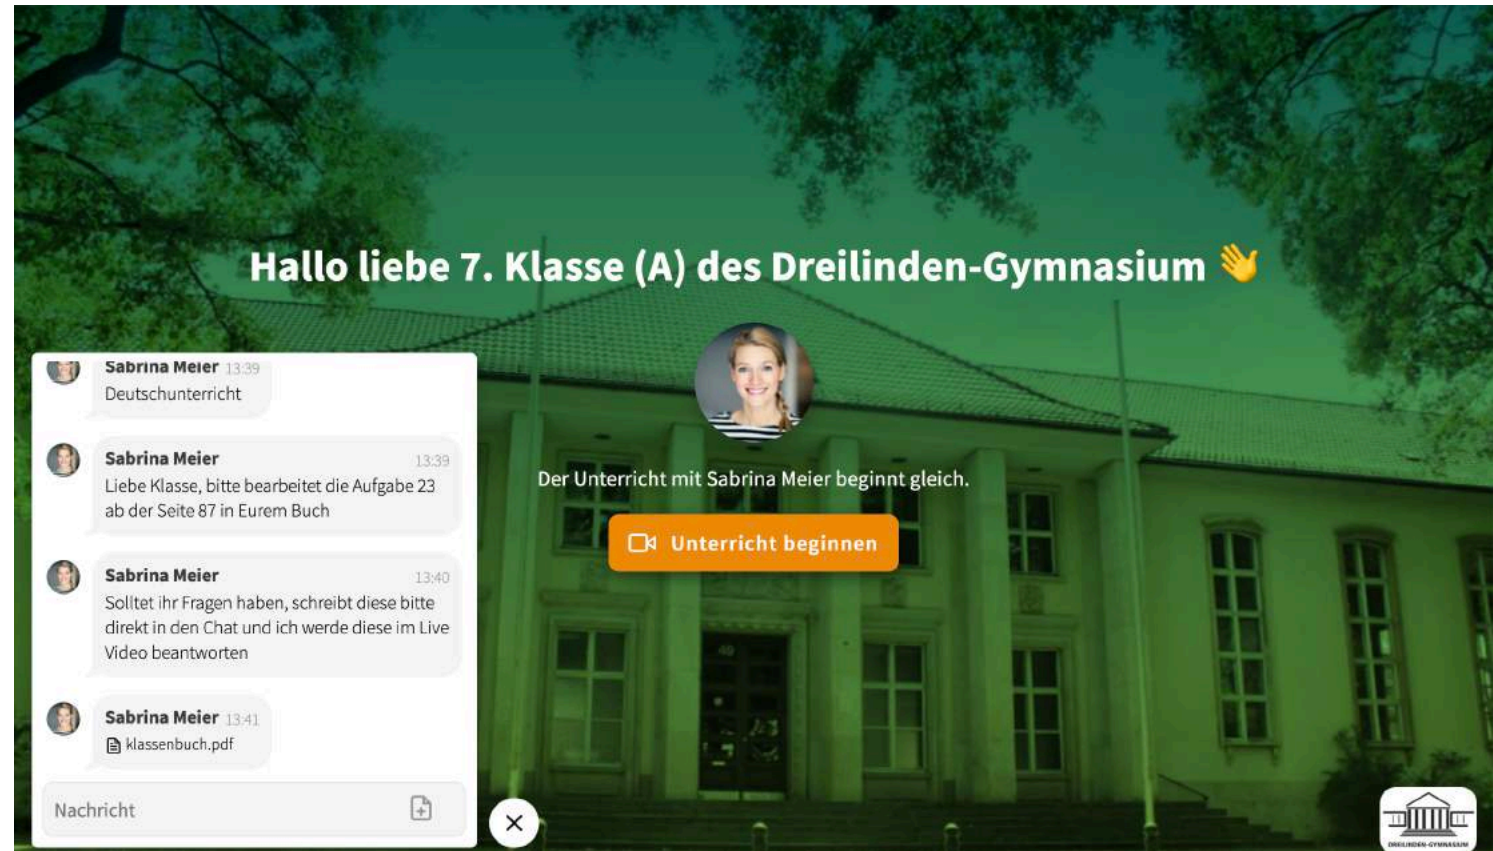

The image displays two views of the Vicodo platform. On the left, a desktop browser window shows the teacher's dashboard. The user is Sabrina Meier. A search bar is present. Under 'Meine aktiven Fälle', a list of classes is shown, with '7. Klasse (A) #11' selected. The main content area shows a video call invitation for '7. Klasse (A)' on '21. März 2020 um 12:36'. A green button 'Video Anruf starten' is visible. On the right, a mobile phone displays the student's view. It features a green background with a building image and the text 'Hallo liebe 7. Klasse (A) des Dreilinden-Gymnasium'. Below this is a profile picture of Sabrina Meier and the text 'Der Unterricht mit Sabrina Meier beginnt gleich.' An orange button 'Unterricht beginnen' is at the bottom. A chat window at the bottom of the phone shows messages from Sabrina Meier.

Teachers can teach via live video. Ready to use within 5 minutes

- ✓ Set up a school account
- ✓ Invite teachers
- ✓ Create classes
- ✓ Send classroom link to students
- ✓ Start lessons

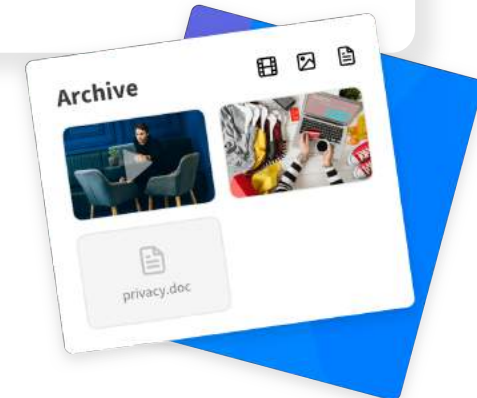

Vicodo works so easily for schools & educational institutions

1 Invitation
Share the individual classroom link with your students.

2 Video
Teachers can speak to the class via audio and video calls. The students listen and watch. Students are not visible and also not audible! Of course, the teacher can also invite students to a 1: 1 video conversations.

3 Chat
Students can send questions to teachers and receive files via chat

Benefits of Vicodo

Start right away
