RESEARCH INSTITUTES

DISRUPTIVE START-UP FOUNDERS

Confirmed to Join in 2023

Agri-Food Businesses & Retailers

Robotics & Equipment

Investors, Finance, Accelerators

Biotech

Tech Providers

We're getting bigger and bolder in 2023, with two floors entirely dedicated to agtech innovation!

NETWORKING

Make vital corridor connections, reconnect with industry colleagues and meet new faces during networking breaks and the happy hour.

MAIN STAGE

The busy program features influential agri-food decision-makers and innovators in panels, presentations, success stories and start-up pitches.

1-1 MEETINGS

Schedule 1-1 meetings with agtech players eager to make connections. With the whole industry under one roof, fuel your pipeline for the year ahead.

BREAKOUTS

Build your schedule around the topics that interest you most with intimate, small group breakout sessions and roundtables alongside the main agenda.

EXHIBITION

The exhibition space, packed with hands-on demos and animations is where you'll keep ahead with the latest trends in the industry and experience new technologies.

VENUE

The action takes place in the Marriott Marquis in San Francisco's buzzing downtown Mission District, packed with restaurants and live music, for your ultimate business trip experience.

NEW FOR 2023! START-UP ARENA

Start-ups take pride of place with a whole new floor dedicated to drop-in clinics, pitching sessions, start-up booths, mentoring classes and networking.

What's on the Program?

Make a week of it!

This March 2023, thousands of high profile agri-food business leaders from across the US and around the world will head to San Francisco for a full week of networking and collaboration opportunities.

Make the most of this unrivaled opportunity to meet up with industry colleagues from across the US and around the world, check in with partners, renew connections, and secure face to face time with new prospects.

With so many big players eager to make connections in the same city at the same time, this is a week when relationships are formed and deals are done. Combine a year's worth of business meetings into one trip for 2023, and fuel your pipeline for the year ahead.
