Dear Friends,

Greetings from Poland!

I write to let you know that a few days ago Daga and I **tested positive for Covid**. We feel fine. Daga does not have any problems with her lungs. I do a little bit because before the infection I have had seasonal asthma. Today I feel a bit underoxidized but we don't have a high temperature any more or any other symptoms. Daga has lost her taste and smell, I have not (yet).

Our next Sunday service will be held fully online and will be pre recorded. I really hope that I have not infected anyone last Sunday at church!

We are to be isolated until 24th April so most probably I will be able to be at church next Sunday, God willing.

I also wanted to let you know that **Thomas** is at home feeling really well. All the doctors are shocked how quickly he has recovered from such a serious health issue. His parents have no doubt that God rescued him. Please pray for his family.

Please continue to pray with us for:

-Norbert – my friend who possibly was converted recently. He had a serious breakdown recently and returned to drinking.

-Kinga, Elwira and Rafał – Three people who are being prepared for baptism this Spring.

With love and many blessings

Adam and Dagmara
