

Tim and Deb Brooks

December 2022

Dear Friends,

Give thanks for the Lord's blessing on the Christianity Explored course, which we have now finally finished! Please continue to pray for Susanne.

Give thanks for Eva from Mexico coming to help out and for how well she has fitted in. Please pray that her time with us will be a blessing to her spiritually. We're not sure exactly how long she is staying, but she will be here over Christmas.

Give thanks that Esther continues to enjoy her apprenticeship, but she is still finding the new sleeping pattern difficult. Please pray that her body will adjust.

Give thanks for a busier November than we normally have, and for opportunities for fellowship with guests, as well as with Len and Phyl when they were here at the beginning of the month.

Please pray for us as we do the Hope Explored course this month.

Please pray for wisdom about our connections with German churches and how best to make these work.

Please pray for our Carol Service on 23rd December. The invitations have gone out to the people we normally give them to, though we have more available if needed. Most of those invited also receive Scripture calendars. Please pray that the Lord will bring along the people He wants to the Carol Service, and pray also for Geoff Holder, who will be speaking this year. Pray also that Esther will find time to practice the cornet. Apart from the carol service, where she would normally play for some of the carols, she barely manages to practice what she needs for the village band. This is mainly because she is finding it difficult to be awake at a suitable time of day!

Please continue to pray for the various practical things that need sorting out: Tom's child benefit, the leak in the roof, and Deb's health insurance.

Love to all,

Deb, Tim, Tom and Esther
