

IMPORTANT – READ THIS CAREFULLY BEFORE DOWNLOADING, INSTALLING, USING OR ELECTRONICALLY ACCESSING THIS PROPRIETARY PRODUCT.

Windward Studios, Inc.

License Agreement

This agreement is a legal agreement between Windward Studios, Inc. (“Windward”) and the business entity or person for whom you (“You”) are acting (“Licensee”) as the end user of the Software (defined below) (“Agreement”). You agree that You are an employee or agent of Licensee and are entering into this Agreement for use of the Software by Licensee for Licensee’s own business purposes in accordance with this Agreement. You hereby agree that you enter into this Agreement on behalf of Licensee and that you have the authority to bind Licensee to this Agreement. Windward recommends that You print a copy of this Agreement and retain such copy for Licensee’s records and future reference.

WINDWARD IS WILLING TO LICENSE THE SOFTWARE AND PROVIDE SERVICES TO LICENSEE ONLY ON THE CONDITION THAT YOU ACCEPT ALL OF THE TERMS IN THIS AGREEMENT. BY DOWNLOADING, INSTALLING, CONFIGURING, ACCESSING OR OTHERWISE USING THE SOFTWARE, INCLUDING ANY UPDATES, UPGRADES, OR NEWER VERSIONS, YOU ACKNOWLEDGE THAT YOU HAVE READ THIS AGREEMENT, UNDERSTAND THIS AGREEMENT, AND THAT LICENSEE AGREES TO BE BOUND BY ALL OF THE TERMS OF THIS AGREEMENT.

IF YOU DO NOT AGREE TO THE TERMS AND CONDITIONS OF THIS AGREEMENT, WINDWARD IS UNWILLING TO LICENSE THE SOFTWARE TO LICENSEE OR PROVIDE THE SERVICES TO LICENSEE, AND THEREFORE, DO NOT COMPLETE THE DOWNLOAD PROCESS, ACCESS OR OTHERWISE USE THE SOFTWARE, AND SELECT THE “I DO NOT ACCEPT THIS AGREEMENT.” IF YOU DO NOT ACCEPT THIS AGREEMENT, LICENSEE SHOULD IMMEDIATELY RETURN THE SOFTWARE AND CEASE ANY USE OF THE SOFTWARE. LICENSEE MAY RECEIVE A FULL REFUND IF THE SOFTWARE (INCLUDING WRITTEN MATERIALS) IS PROMPTLY RETURNED TO WINDWARD WITHIN FIVE (5) DAYS AFTER THE DATE OF LICENSE.

IF LICENSEE HAS ENTERED INTO A WINDWARD SOFTWARE LICENSE AGREEMENT OR OTHER SOFTWARE LICENSE AGREEMENT WITH WINDWARD OR ITS AUTHORIZED AGENT OR PARTNER, WHICH GOVERNS LICENSEE’S USE OF THE SOFTWARE AND SERVICES, THEN THE TERMS OF THAT AGREEMENT GOVERN AND TAKE PRECEDENCE OVER THIS AGREEMENT. IF LICENSEE HAS NOT ENTERED INTO SUCH AN AGREEMENT WITH WINDWARD PRIOR TO LICENSEE’S DOWNLOADING INSTALLATION OF THIS SOFTWARE, THEN LICENSEE’S RIGHT TO INSTALL AND USE THIS SOFTWARE IS SUBJECT TO LICENSEE’S AGREEMENT TO THIS AGREEMENT.

1. DEFINITIONS

1.1 “Documentation” means the user guides and manuals provided by Windward to Licensee for installation and/or use of the Software.

1.2 “Services” means the maintenance and support services described in Section 3 below.

1.3 “Software” means the application(s) or computer software owned or licensed by Windward that has been chosen by Licensee, in machine-readable, object code form to which Licensee is granted a license by Windward pursuant to this Agreement, including the media, Documentation, and Updates.

1.4 “Update” means an error correction, patch, bug fix, modification, option or new release of the Software that is generally made available to purchasers of Services at no additional charge other than media and handling charges.

2. LICENSE AND RESTRICTIONS

2.1 Software License. Subject to the terms and conditions of this Agreement, Windward grants to Licensee a perpetual (subject to Section 5 of the Agreement), non-exclusive, non-transferable, non-sublicensable license to (a) copy and install the particular number of copies of each Software application purchased by Licensee from Windward or its authorized agent or partner, each individual Software application to be installed and used solely on one computer, and (b) use the Software for Licensee’s own internal business purposes, subject to the limitations set forth herein, in Windward’s License FAQ located on the Windward website and the other terms and conditions of this Agreement.

2.2 Evaluation License. If Licensee has obtained the Software for trial or evaluation purposes, the following terms shall apply and take precedence over any preceding inconsistent or conflicting terms unless and until Licensee purchases a perpetual license: Subject to the terms and conditions of this Agreement, Windward hereby grants Licensee a limited, revocable, non-exclusive, non-sublicensable, non-transferable license to install (on a single computer only) and use the Software for a period of fourteen (14) days, or as extended, following acceptance of this Agreement (“Evaluation Period”), in accordance with the Documentation provided therewith, solely for Licensee’s internal business purpose of evaluating and testing the Software to determine whether to purchase a perpetual license to the Software. Licensee may elect to obtain a perpetual license to the Software by notifying Windward in writing prior to the expiration of the Evaluation Period, and paying the applicable fees in accordance with this Agreement. Upon payment of

such fees, Licensee shall receive a license key to procure Licensee's future use of such Software. If Licensee does not procure a license key prior to expiration of the Evaluation Period, Licensee's evaluation license shall terminate and the Software will cease to function. Licensee hereby acknowledges and agrees that, during the Evaluation Period, Windward may collect usage statistics and data from the Software and verify that Licensee has the latest version of the Software and matching license key. During the Evaluation Period, the Software is provided for trial and internal evaluation purposes "AS-IS", WITHOUT ANY WARRANTIES OF ANY KIND and Licensee's use of the Software is entirely at its own risk. Except as altered in this Section, all terms of this Agreement shall apply and govern Licensee's use of the Software during the Evaluation Period explicitly excluding Sections 4 and 8.

2.3 License Restrictions. All rights not expressly granted to Licensee in this Agreement are reserved by Windward. Licensee may: (a) not modify, prepare derivative works, transfer, sublicense, or relicense the Software, or use the Software for third party transactions, commercial time-sharing, rental or service bureau use; (b) not cause or permit the reverse engineering (except to the extent expressly allowed by local law), disassembly or decompilation of the Software; (c) not run limited server versions in multiple JVMs or restart the server after running the maximum number of reports in a day to exceed the license restriction; (d) not use the developer system version in a production or end user system; and (e) make one copy of the Software for archival or backup purposes. The archival and backup copy of the Software is subject to the terms of this Agreement.

2.4 License Limitations. Licensee's use of the Software is subject to the following limitations:

(a) Licensee must have a separate license for each system on which Licensee executes the Software. A system is defined as a single virtual machine if running on a VM. If running directly on a computer, it is the computer itself.

(b) Licensee does not need a client license for machines whose browser will solely view generated reports. Licensee only needs a license for the machine on which the reports are created (generally a central server).

(c) Each license is valid for applications running under the credentials of a single user. If you run the Software on a single VM under multiple user credentials (i.e. on a Citrix server), a separate license is required for each user running an application calling the Software.

(d) The "Standard Server" is not a license to install the Software on an unlimited number of machines. A single license for a standard server allows it to be run on one machine only.

(e) A server license has a maximum number of "cores." This is the total number of cores the Software "sees," therefore a dual core processor is two cores & hyper-threading (if turned on) counts as multiple cores because each hyper-thread is a distinct core as seen by the software. A server license also has a maximum number of threads, which is only used if the host machine has more cores than the maximum number of licensed cores. In the case of more cores than the core limit, the license will allow only the maximum number of threads generating reports simultaneously – across all virtual machines on the system.

(f) The developer license is for development purposes only. It may not be used as a production or end user system. The developer license allows a single report to be concurrently generated, for a maximum of 250 reports per day, and on two cores only.

(g) The limited volume server is restricted to one JVM/CLR per license. This is to prevent running the limited volume server in several JVM/CLRs with each JVM/CLR producing 250 reports/day. The limited server runs on a max of two cores and allows for no custom data sources and no beans. There is no limit to the number of JVMs for the standard server.

(h) A DCL (Distributed Client License) includes a personal use engine (not for server use) & an AutoTag; with a limit of 100 reports per day, generating a single report at a time.

(i) Licensee must purchase support and upgrades for either all licenses or none.

(j) Each "AutoTag" license runs on a maximum of four Cores.

(k) The standard Windward license agreement is for enterprise, internal use only. Application Service Providers and Independent Software Vendors are licensed separately.

3. MAINTENANCE AND SUPPORT SERVICES.

3.1 Provision. Windward shall provide Services to Licensee only if Licensee has purchased Services for the Software.

3.2 Services. Windward shall take reasonable steps to correct material nonconformities with the Software specifications in the applicable Documentation. Services shall commence on the initial delivery of the Software to Licensee and shall continue for a period of one year ("Services Term"). At the end of the applicable Services Term, Licensee may renew the Services for additional Service Terms by paying the applicable Services fees and only on the condition that such Services are provided under the terms of this Agreement. Services will be provided from Windward's offices through the use of telephone, email, and internet based support only. Telephone, email and internet based support is for the purpose of providing advice and assistance to Licensee on the use of the Software, and will include basic information and instructions, including assistance with the general use of the Software, optimization of the available functions, installation of the Software, research problems reported to Windward by Licensee, and expected functionality of

future Software and Updates. Services will include the right to receive Updates to the Software at no additional charge if and when Windward makes them generally available.

3.3 Covered Software. Windward will provide Services for the most current release of the Software. Once a release has been made generally available, Licensee should convert to the latest release in order to insure uninterrupted service and continued support.

3.4 Hours of Operation. Services via telephone are available between the hours of 8:00 a.m. and 5:00 p.m., U.S. MST, weekdays, excluding U.S. holidays observed by Windward (the "Hours of Operation"). Licensee may receive Services by telephone by calling Windward's customer support number set forth in the Documentation. Telephone Services will be provided in the English language only and Licensee must speak, write, and understand English. Services via the internet are available for extended hours via the Windward HelpDesk Center which may be accessed from the Windward website at www.windward.net.

3.5 Exclusions. Windward is not required to perform Services with respect to the following: (i) assistance in resolving problems due to Licensee's modification of the Software; (ii) problems encountered as a result of non-Windward product offerings co-resident on the system hub machine; (iii) assistance in resolving software problems other than those associated with Software, including, but not limited to, problems with the hardware and its operating system, communications and system administration-related problems; (iv) assistance in migrating to new releases of other software products; (v) assistance in resolving problems due to using the Software in an operating environment not authorized by Windward; (vi) Licensee's failure to use the Software in accordance with the applicable Documentation; and (vii) Licensee's failure to use error corrections previously provided by Windward.

3.6 Licensee's Responsibilities. Licensee shall cooperate fully with Windward's reasonable requests for information, personnel and time necessary to provide Services, including providing information for Windward to reproduce the error(s) reported by Licensee.

4. FEES, PAYMENT, AND TAXES.

4.1 Fees. In consideration of the Software and Services and any accompanying licenses provided to Licensee by Windward hereunder, Licensee shall pay Windward the license fees, Services fees, expenses, and taxes set forth on the applicable invoice provided by Windward. All fees and expenses are quoted in U.S. dollars and Licensee shall pay the fees and expenses in U.S. dollars. Licensee shall pay all fees and expenses at the time of purchase. All fees and expenses specified in this Agreement are exclusive of, and Licensee shall be solely responsible for, all value-added, sales, use, import, duties, customs or other taxes applicable to the transactions contemplated by this Agreement, except for any taxes based upon Windward's net income.

4.2 Records. Licensee agree to maintain complete and accurate books and records in connection with the activities under this Agreement, including not manipulating server transaction records to avoid paying the proper license fees (e.g. running the server in more than one Java virtual machine on a system, manipulating the server, time and date or restarting the server when the report limit for the license is reached).

4.3 Reporting. Licensee understands and acknowledges that the Software may contain audit reporting capabilities which can be operated to generate and send to Windward reports containing information about the usage of the Software, including, without limitation, information detailing the number of reports generated by the Software and the number of users (collectively "Usage Information"). Windward may cause the Software to operate these reporting capabilities periodically to obtain reports that contain such Usage Information ("Reports") in order to verify Licensee's compliance with the terms of this Agreement. If the Reports reveal any nonconformance with this Agreement resulting in usage of the Software for which Licensee has not paid, Windward shall notify Licensee of such nonconformance. If such nonconformance requires any additional amounts to be paid to Windward for additional usage, Licensee shall pay any amount owed within 15 days after receipt of an invoice from Windward. If Licensee fails to pay Windward the additional amounts due with such 15-day period, Windward may (a) cause the Software to suspend operation until such time as Licensee brings its account completely current, or (b) exercise any other rights under the Agreement. If the Reports reveal any other nonconformance with this Agreement, Windward may seek its remedies available to it under this Agreement.

5. TERM AND TERMINATION. The term of this Agreement shall commence on the Effective Date and continue until terminated by either party in accordance with this Section 5 ("Term"). This Agreement and the license granted herein may be terminated immediately upon written notice (a) by either party upon the material breach by the other party of any of its obligations under this Agreement, which breach has not been cured within thirty (30) days after the breaching party has received written notice thereof; or (b) by Windward if Licensee has violated Sections 2 or 7 of the Agreement. Upon termination Licensee shall promptly cease using and delete the Software from Licensee's system and destroy the Documentation and any copies of the Software or Documentation. Upon termination of this Agreement, any applicable fees owed by Licensee through the date of termination shall become due and payable. Licensee shall promptly return to the other all Confidential Information of Windward that Licensee may have in Licensee's possession or control. Notwithstanding the termination of this Agreement for any reason, the rights and duties of the parties under Sections 1, 2.2, 4, 5, 6, 7, 9, 10 and 11 of this Agreement shall survive such termination and remain in full force and effect.

6. INTELLECTUAL PROPERTY. Subject only to the licenses expressly granted in this Agreement, as between Windward and Licensee, Windward shall be the sole owner of all intellectual property rights in and to the Software and the Documentation. Licensee shall not remove any of Windward's or its licensor's copyright, trademark and other proprietary notices contained on or in the Software or the Documentation, and Licensee will reproduce all such notices on all copies permitted to be made by Licensee under this Agreement.

7. CONFIDENTIAL INFORMATION. “Confidential Information” means (a) the Software, the Documentation and any business or technical nonpublic information of Windward, including without limitation, license keys provided to Licensee by Windward; (b) any other information of Windward that is specifically designated by Windward as confidential or proprietary; and (c) the terms and conditions of this Agreement. Confidential Information shall not include information that (i) is in or enters the public domain without breach of this Agreement through no fault of Licensee; (ii) Licensee were demonstrably in possession of prior to first receiving it from Windward without obligation of restrictions; (iii) Licensee can demonstrate was developed by Licensee independently and without use of or reference to the Windward’s Confidential Information; or (iv) Licensee receive from a third party without restriction on disclosure and without breach of a nondisclosure obligation. Licensee shall maintain the Confidential Information in strict confidence during the Term and, until such time as the Confidential Information enters the public domain pursuant to items (i) through (iv) above. Licensee shall exercise no less than reasonable care with respect to the handling and protection of such Confidential Information. Licensee shall use the Confidential Information only during the Term and as expressly permitted herein, and shall disclose such Confidential Information only to Licensee’s employees as is reasonably required in connection with the exercise of Licensee’s rights and obligations under this Agreement (so long as those employees are subject to binding use and disclosure restrictions at least as protective as those set forth herein).

8. WARRANTIES AND DISCLAIMERS. Windward warrants that, for a period of ninety (90) days from initial delivery of the Software to Licensee, the Software will, when properly installed and used in accordance with the Documentation, perform substantially in accordance with the specifications for the Software as described in the applicable Documentation. As Licensee’s exclusive remedy and Windward’s sole obligation for breach of this warranty, Windward shall use commercially reasonable efforts to correct any reproducible error in the Software constituting a breach of the warranty at no additional charge. Windward does not warrant that Licensee’s use of the Software will be error-free, virus-free or uninterrupted. Windward makes no other warranty, express or implied, with respect to any Services or Software provided by Windward under this Agreement. WINDWARD HEREBY DISCLAIMS ALL IMPLIED WARRANTIES, CONDITIONS AND OTHER TERMS, WHETHER STATUTORY, ARISING FROM COURSE OF DEALING, OR OTHERWISE, INCLUDING WITHOUT LIMITATION TERMS AS TO QUALITY, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NONINFRINGEMENT.

9. INDEMNIFICATION.

9.1 By Windward. Windward agrees to defend Licensee from and against any third party claims alleging that the Software or Documentation as furnished to Licensee and used within the scope of this Agreement infringes any U.S. patent issued as of the Effective Date, or any copyright, trademark or is a misappropriation of any trade secret of such third party and Windward will pay all final judgments awarded or settlements entered into on such claims. The foregoing indemnity obligation shall not extend to any claims of infringement arising out of or related to (i) a modification of the Software or Documentation by anyone other than Windward or its duly authorized agent; (ii) the incorporation into the Software or Documentation of any information provided by or requested by Licensee; (iii) a combination of the Software with any third party software or equipment not specified in the Documentation and where such combination is the cause of such infringement; or (iv) the use of a version of the Software other than the then-current version if the infringement would have been avoided by using of the then-current version. In the event the Software or Documentation are held or are believed by Windward to infringe, Windward may, at its sole option and expense, elect to (a) modify the Software or Documentation so that they are non-infringing; (b) replace the Software with non-infringing Software which are functionally equivalent; (c) obtain a license for Licensee to continue to use the Software as provided hereunder; or if none of (a), (b), or (c) is commercially reasonable, then (d) terminate the license for the infringing Software or Documentation and refund the license fees paid for that Software or Documentation, prorated over a five (5) year term from the Effective Date. This Section 9.1 states Windward’s entire liability and Licensee’s sole and exclusive remedy for any infringement of third party proprietary rights of any kind.

9.2 By Licensee. Except for claims covered by Section 9.1, Licensee agree to indemnify and defend Windward from and against all third party claims arising out of or related to this Agreement (including Licensee’s use of the Software) or by Licensee’s negligence, willful misconduct or breach of the terms of this Agreement.

9.3 Indemnification Procedure. The party seeking indemnification must (a) give prompt notice of the claim to the other party; (b) grant sole control of the defense or settlement of the claim or action to the other party; and (c) provide reasonable cooperation to the other party and, at the other party’s request and expense, assistance in the defense or settlement of the claim.

10. LIMITATION ON LIABILITY. EXCEPT FOR LIABILITY ARISING FROM ANY BREACH OF SECTIONS 2 OR 7 AND ANY OBLIGATIONS UNDER SECTION 9, IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR ANY INDIRECT, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES OF ANY KIND OR NATURE WHATSOEVER, SUFFERED BY THE OTHER PARTY, INCLUDING, WITHOUT LIMITATION, LOST PROFITS, BUSINESS INTERRUPTIONS OR OTHER ECONOMIC LOSS ARISING OUT OF OR RELATED TO THIS AGREEMENT OR ANY USE OF OR FAILURE TO BE ABLE TO USE THE SOFTWARE OR SERVICES. WINDWARD SHALL NOT BE LIABLE FOR ANY DAMAGES ARISING OUT OF OR RELATED TO (i) TRANSACTIONS PERFORMED USING THE SOFTWARE OR SERVICES; OR (ii) MODIFICATIONS TO THE SOFTWARE OR SERVICES BY LICENSEE, WHETHER SUFFERED BY LICENSEE OR ANY THIRD PARTY. WINDWARD’S TOTAL AGGREGATE LIABILITY FOR ANY DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT WILL NOT EXCEED THE FEES PAID BY LICENSEE HEREUNDER FOR THE SOFTWARE OR SERVICE THAT IS THE SUBJECT OF THE ACTION. THE EXISTENCE OF ONE OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT. LICENSEE ACKNOWLEDGE

THAT WINDWARD'S PRICING REFLECTS THIS ALLOCATION OF RISK AND THE LIMITATION OF LIABILITY SPECIFIED IN THIS SECTION WILL APPLY REGARDLESS OF WHETHER ANY LIMITED OR EXCLUSIVE REMEDY SPECIFIED IN THIS AGREEMENT FAILS OF ITS ESSENTIAL PURPOSE.

11. GENERAL TERMS.

11.1 Export Control. The Software may be subject to United States export control regulations. Licensee shall obtain at Licensee's expense all necessary licenses, permits and regulatory approvals required by any and all governmental authorities and agencies having jurisdiction over the export and re-export of software and technical data in accordance with all applicable regulations of the Office of Export Administration of the U.S. Department of Commerce and the U.S. Treasury Department Office of Foreign Asset Control.

11.2 U.S. Government End Users. For any Software or Documentation licensed directly or indirectly on behalf of a unit or agency of the United States Government, this provision applies. The Software and Documentation: (a) was developed at private expense and are in all respects the proprietary information of Windward; (b) were not developed with government funds; (c) are a trade secret of Windward for all purposes of the Freedom of Information Act; (d) are commercial items and thus, pursuant to Section 12.212 of the Federal Acquisition Regulations (FAR) and DFAR Supplement Section 227.7202, Government's use, duplication or disclosure of the Software or Documentation is subject to the restrictions set forth by Windward.

11.3 Integration and Modification. This Agreement sets forth the entire agreement between the parties and supersedes any and all prior proposals, agreements or communications, written or oral, of the parties with respect to the subject matter hereof. This Agreement sets forth the general terms and conditions applicable to all Services provided by Windward to Licensee under the specific terms and conditions set forth in the applicable order, renewal notice, or quotation provided by Windward, if any. The provision and receipt of Services are expressly conditioned on the acceptance of the terms in this Agreement. No other terms apply. No terms and conditions proposed by either party shall be binding on the other party unless accepted in writing by both parties, and each party hereby objects to and rejects all terms and conditions not so accepted. This Agreement may not be modified, altered or amended, except by written instrument duly executed by both parties.

11.4 Miscellaneous. No failure or delay by either party in exercising any right hereunder will operate as a waiver thereof. If Licensee wishes to assign or otherwise transfer this Agreement to anyone, Licensee must obtain Windward's prior written consent, which consent shall not be unreasonably withheld. This Agreement will be binding on the parties, their successors and permitted assigns. This Agreement will be construed under the laws of the State of Colorado, without regard to its conflicts of law principles. Any action or lawsuit related to this Agreement must be brought exclusively in either the federal or state courts located in the City and County of Denver, Colorado and each party hereby irrevocably submits and waives any objection to the exclusive jurisdiction and forum of such courts. The parties hereby disclaim the application of the 1980 U.N. Convention on Contracts for the International Sale of Goods. The English language version of this Agreement shall be controlling in the interpretation or application of the terms of this Agreement. If any provision of this Agreement is, for any reason, held invalid or illegal in any respect by an arbitrator or a court of competent jurisdiction, such inability or illegality shall not affect the validity of this Agreement itself and there shall be substituted for the affected provision, a valid and enforceable provision which most closely approximates the intent and economic effect of the invalid provision. If such provision cannot be amended so as to be valid and enforceable, then such provision is severable from this Agreement, and the remaining provisions of this Agreement shall remain valid and enforceable. If any legal action is brought to enforce the terms and conditions of this Agreement, the prevailing party will be entitled to recover its attorneys' fees, court costs, and other collection expenses, from the non-prevailing party in addition to any other relief it may be awarded.
