

### **Ceylon Graphite Shortlisted for Awards at Upcoming Mines and Money Asia Conference**

**March 28<sup>th</sup>, 2018 - Vancouver, BC - Ceylon Graphite Corp.** (“Ceylon Graphite” or the “Company”) (TSX-V: CYL) (OTC: CYLYF) (FSE: CCY) is pleased to announce that the Company will be attending the Mines and Money Asia Conference being held in Hong Kong from the 3<sup>rd</sup> of April to the 6<sup>th</sup> of April 2018 to introduce Ceylon Graphite to the Asia Pacific markets. The Company has also been shortlisted for two awards by the organisers of the Conference and several well-respected industry experts.

1. Asia Pacific Exploration Executive of the Year – **Bharat Parashar, Chairman and Chief Executive Officer, Ceylon Graphite Corp.**
2. Asia Pacific Exploration Mining Company of the Year – **Ceylon Graphite Corp.**

<https://asia.minesandmoney.com> Network and then Outstanding Awards

The Company considers it a great honor to be recognized by its peers in the Asian mining community in just its second year of operation. These awards speak directly to the extensive exploration work the Company has carried out in Sri Lanka over the past year.

Mr. Bharat Parashar, Chairman and Chief Executive of Ceylon Graphite and Mr. Sasha Jacob, Chairman and Chief Executive of Jacob Capital Management, Financial Adviser to the company will be making presentations at the Conference. Should there be an interest to meet with either of them please feel free to contact [info@ceylongraphite.com](mailto:info@ceylongraphite.com).

Bharat Parashar, Chief Executive Officer states: “Being nominated for these awards is a real honor for the Company and is tangible recognition for all our employees, who have worked so hard, to achieve so much, in such a short period of time.”

#### **About Ceylon Graphite Corp.**

Ceylon Graphite Corp is a public company listed on the TSX Venture Exchange (CYL:TSX-V), that is in the business of exploring for and development of graphite mines in Sri Lanka. The Government of Sri Lanka has granted the company exploration rights in a land package of over 120km<sup>2</sup>. These exploration grids (each one square kilometer in area) cover areas of historic graphite production from the early twentieth century and represent a majority of the known graphite occurrences in Sri Lanka. Graphite mined in Sri Lanka is known to be some of the purest in the world, and currently accounts for less than 1% of the world graphite production.

**FORWARD LOOKING STATEMENTS:** *This news release contains forward-looking information as such term is defined in applicable securities laws, which relate to future events or future performance and reflect management's current expectations and assumptions. The forward-looking*

*information includes statements about Ceylon Graphite's grids, Ceylon Graphite's plans to undertake additional drilling and to develop a mine plan, Ceylon Graphite's intention to apply for a Mining License and to commence establishing mining operations. Such forward-looking statements reflect management's current beliefs and are based on assumptions made by and information currently available to Ceylon Graphite, including the assumption that, the drilling exercises will confirm the presence of high quality graphite, sufficient financial resources will be available, the records from the drilling exercises prove to be accurate, there will be no unanticipated delays or costs materially affecting Ceylon Graphite's exploration, development and production, there will be no material adverse change in metal prices, all necessary consents, licenses, permits and approvals will be obtained, including various Local Government Licenses and the market. Investors are cautioned that these forward-looking statements are neither promises nor guarantees and are subject to risks and uncertainties that may cause future results to differ materially from those expected. Risk factors that could cause actual results to differ materially from the results expressed or implied by the forward-looking information include, among other things, an inability to reach a final acquisition agreement, inaccurate results from the drilling exercises, a failure to obtain or delays in obtaining the required regulatory licenses, permits, approvals and consents, an inability to access financing as needed, a general economic downturn, a volatile stock price, labour strikes, political unrest, changes in the mining regulatory regime governing Ceylon Graphite, a failure to comply with environmental regulations and a weakening of market and industry reliance on high quality graphite. Ceylon Graphite cautions the reader that the above list of risk factors is not exhaustive.*

*These forward-looking statements are made as of the date hereof and, except as required under applicable securities legislation, Ceylon Graphite does not assume any obligation to update or revise them to reflect new events or circumstances. All of the forward-looking statements made in this press release are qualified by these cautionary statements and by those made in our filings with SEDAR in Canada (available at [www.sedar.com](http://www.sedar.com))*
