

# MagnusCards®

## Getting started with the mobile solution MagnusCards

### Introduction

Introducing Magnus, your daily life skills guide. He's going to help you get started using MagnusCards.

### Step 1

Download the free MagnusCards app from your smartphone's App Store or from Google Play.

### Step 2

Create your MagnusCards account.

### Step 3

Select Money Management from the life skills options.

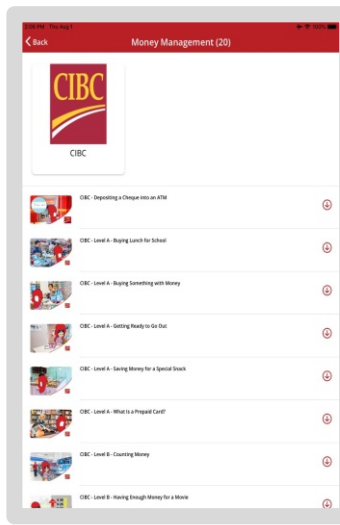

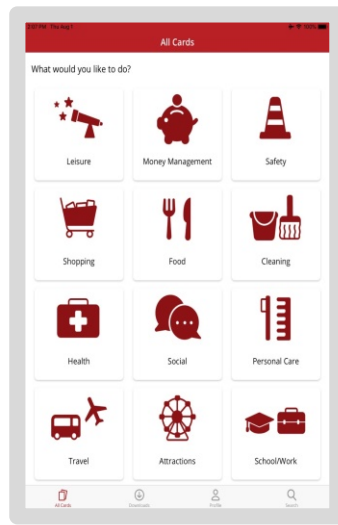

### Step 4

Scroll down and select a specific task, like depositing a cheque.

### Step 5

Tap download to use the Card Deck without Internet access.

## Caregiver Tips

Hi caregivers! I'm here to help you structure life skills learning and build routines for independent living with MagnusCards, to help develop financial literacy.

### Where to start?

Follow your daily or weekly routines, based on needs and interests. For example, review "Saving Money for Something Special" or "Counting Money". Later steps could include "Buying Something with Money".

Next, introduce MagnusCards to the person(s) you support. Walk them through how to find a Card Deck, view it, and do it! It may take a few tries to get used to but don't worry, Magnus is there to motivate and lend a hand as you fade out your own prompts and support.

With practice and repetition, the path to greater financial independence will be clear!

Watch for new Card Decks for even more life skills learning.
