

## Full-Stack-Developer B2B (f/m/d)

You want to connect doctors and patients by using the latest technologies?

You are ready to digitalise the German healthcare market?  
Then TeleClinic might have the perfect opportunity for you!

### BACKGROUND

E-Health in Germany is a fast-growing market with a lot of potential for creative ideas and start-ups. TeleClinic is an e-health pioneer and is the leading platform for online medical consultation in Germany.

Revolutionize together with us one of the most exciting markets in Germany!

### YOUR RESPONSIBILITIES

As Full-Stack-developer B2B you are on the one hand the technical contact person to our B2B partners and on the other hand you are responsible for the technical implementation of all our B2B topics, which means from the partner onboarding to the development of new B2B relevant features.

More in detail your tasks will be:

- You support your Sales and Key Account team members with your technical knowledge in the daily business and in meetings with our (potential) partners and act as a solution manager
- You are responsible for the integration of new B2B partners through e.g. login providers, web services.
- You are responsible to develop new features for our partner dashboard

### YOUR PROFILE

- Excellent Communication Skills (German and English)
- Minimum of 3 years experience as web developer, ideally fullstack
- Experience working with REST based web services
- Working knowledge of networking protocols (e.g. TCP/IP, HTTP, FTP, SOAP, ...)
- Strong knowledge of scripting languages is required (JavaScript, Python, ...)
- Knowledge of at least one web framework (e.g. Django, Flask)
- Strong SQL skills and experience with ORMs
- Strong understanding of HTML technologies

### WHY JOIN TELECLINIC?

- Be part of a cross-functional and highly motivated team
- High responsibility right from the start
- Have the chance to make real impact
- Participate in tech conferences
- Great team events, free snacks & coffee!

### YOU ARE THE PERFECT MATCH FOR THIS POSITION?
