

## HEAD OF PRODUCT (f/m)

at TeleClinic GmbH in Munich

### WHAT WE ARE LOOKING FOR

- We are looking for a Head of Product (f/m) for our website and apps to join us at the soonest possible date.
- Working with world-class engineers and designers, you'll be responsible for driving the user experience and monetization of our product.
- This position is based in Munich, Germany.

### YOUR RESPONSIBILITIES

- Shape TeleClinic's product vision and strategy together with our Product and Management Team.
- Develop, communicate and implement the product roadmap for our website & apps.
- Prioritize new features, improvements and bugs taking into consideration implementation time, performance yield, trade-offs, customer impact and business goals.
- Quantitatively and qualitatively analyze AB-Tests to guide your decisions and continuously iterate.
- Work closely with engineers and designers to build a great user experience and monetization.
- As part of TeleClinic's Core Team influence the company's strategy and culture

### WHY JOIN TELECLINIC?

- Agile and quick decision-making culture
- A competitive salary
- Individual yearly educational and conference budget
- All the hardware and gadgets you need to be productive
- Great team events

### YOUR BACKGROUND

- You are fluent in English and German
- Bachelor's degree or higher education in a relevant field (e.g. Business, Marketing, Engineering).
- +3 years agile product management or engineering experience as well as first people leadership experience.
- Strong analytical and quantitative skills (e.g. Google Analytics, BigQuery, MySQL).
- Deep understanding of digital trends and agile product development.
- A sharp eye for great user interface design and user experience.
- Strong project management, organizational and interpersonal skills are essential.
