

SERVICING CHEMICAL WELFARE UNITS

The best choice in customer owned Welfare Unit servicing.

As well as maintaining the high standards of our own fleet of portable toilets, we also provide a service for chemical welfare units owned by our customers. In line with the British Standard BS 6465 1:2006, 1 toilet is recommended for up to 7 persons working a 40 hour week **where the unit is serviced once a week.**

The cleaning service includes:

- Removing waste and replacing with fresh water and chemicals
- Re-filling the sink with fresh water
- Re-stocking paper products
- Re-filling soap dispensers
- Cleaning down the surfaces
- Leaving the unit with a pleasant scent
