

INPUT SHEET

Instructions and data for building your Dashboard

- 1** Enter **your 5-year church data** in the blue cells below. (Ignore Column 2018 if your church is *calendar-year* basis; ignore Column 2013 if your church has finished 2018 *fiscal-year*.)

AVERAGE WEEKLY ATTENDANCE	2013	2014	2015	2016	2017	2018
Worship services						
Children (exclude for-fee day school)						
Teens (weekend and weekday)						
Adult meetings and activities in church (exclude worship services, include Sunday School)						

Seats in largest room (sanctuary, auditorium)	
Worship services per week	
Worship service attendance last Easter	
Approximately how many people call your church their home church?	
For multisite church organizations only (if consolidated statements): How many multisites do you have?	
Own, Rent or Both	
Off-street parking spaces	

- 2** Make photocopies of the **Balance Sheet** and the **Income/Expense** statement from your annual reports over the past five years (copies of 10 financial documents you have distributed to your congregation). *Later we have a few questions about staffing, but we can handle that easily by phone or email after we see if we need any clarification or missing data.*

- 3** Give name of the **contact person** in your church for matters pertaining to Dashboard:

Name _____ Position _____

Email _____ Phone _____

- 4** Mail **this sheet AND the 10 financials** to **Richard Lundborg, 850 Nine Mile Cove, Hopkins MN 55343.**

Your private Dashboard will look like 162.sf.org and will be online 5-10 days after receipt of all your inputs. This is a ministry to Twin Cities churches, never any charge. For more information about Dashboard, see churchscouts.org/dashboard or contact Richard Lundborg (952-935-7980, richard@churchscouts.org).
