- Key: Discipleship is a direction, not a destination.

- The three strands of discipleship are loving, learning about and living for Jesus.

- 1. Loving Christ – Discipleship is about devotion, not just emotion.
 - Who or what you love will become evident.

- 2. Learning – Discipleship is about learning, not just passing classes.
 - What we learn should confront our ignorance.

- 3. Living for Jesus – Discipleship is becoming what Christ compels me to be, not constrained by what I feel forced to be.
 - Joy should accompany our transformation.
