- What was pictured in the temple should be evident in us.
- The temple was a place where God displayed His glory.
 - Exodus 40:34-38; 2 Chronicles 7:1-3
 - Glory = The outward display of God’s perfections, beauty and activity.
 - Problem: We tend to veil what is missing rather than seek what is there.
- The temple was a place of consecrated service.
 - Problem: We tend to get distracted from what we were made to do.
- The temple was a place of holy provision.
 - Problem: We tend to believe that God’s glory is given to highlight our activity rather than His.
