- Clear Conscience
- On Guard
- Righteous Trail

## DISCUSSION QUESTIONS

1. Paul starts his plea to the elders with a resumé of spiritual commitment and accomplishments. How would you share your spiritual resumé?
2. What would be an example of a wolf in the church today? What biblical criteria would you use to identify them?
3. Paul's address wraps up with a warning to avoid entitlement and help the weak. In what way are these two expectations still trouble for us today?
