THE WORD

- Scripture is God's declaration that He is the author of the poetry of the universe.
- Scripture is essential to knowing, enjoying, and growing in the Lord.
- Scripture, like a good meal, brings joy and health but requires chewing!
- Scripture will require you to confess, get clean, and commit.

DISCUSSION QUESTIONS

- What role does Scripture play in your daily life?
- Describe a time when Scripture compelled you to change your mind or behavior.
- When was the last time you confessed wrong thinking or sin to another person? Would you call yourself “accountable” to the Word?
