KEEP OREGON A WELCOMING STATE

- **IP 22- Repeals Oregon's 30-year old Inclusivity Law.** Oregonians for Immigration Reform, an organization with deep ties to white nationalist groups, is moving forward with Initiative Petition 22, which would repeal our state's inclusivity law (ORS 181A.820) prohibiting the use of state and local resources to enforce federal immigration law.
- **IP 22 is bad for Oregon:**
 - It would undermine community trust. When community members don't trust state and local law enforcement, they won't report crimes to the police or appear in court to testify.
 - It would harm Oregon Families. Repealing this law will give law enforcement license to profile citizens and aspiring citizens alike.
 - It would decimate Oregon's economy. Repealing this law will give law enforcement license to profile citizens and aspiring citizens alike.
