

**1.** The necessary instruments include:

- Pan (sterilized by boiling water before first use)
- Measuring cup
- Container to store Holy Wine (a sealed bottle)
- Ideally newly purchased items should be used

**2.** Purchase red wine. Brand does not matter.

**3.** Use Holy Salt to sanctify the instruments to be used and the new wine procured to multiply the Holy Wine.

**4.** Obtain Holy Wine to be used as the seed Holy Wine.

**5.** Offer a prayer for turning the new wine into Holy Wine. The contents of the prayer should include:

"Heavenly Father, turn this wine into Holy Wine so that by drinking it the original sin can be removed. I pray that those who drink it can be separated from the lineage of Satan, and transferred from lineage of Satan to lineage of God, and come under the authority of True Father. I pray that this wine is changed into Holy Wine. This I report in the name of the (family name) Blessed Central Family."

Note: If the person praying has not received the Blessing ceremony, it is suggested he/she would then pray in the name of the Three Kingships.

**6.** Using the clean prepared container (a pan that has been sterilized with boiling water), pour the seed Holy Wine and the new wine into it. The mixing ratio is 4 parts of the seed Holy Wine and 6 parts of the new wine.

**7.** Offer a prayer of gratitude for being able to multiply Holy Wine.

**8.** Store the Holy Wine in a bottle.
