

## MEDIATHEQUE DU TREMBLAY LIBRARY - FRANCE

### ARCHITECT REQUIREMENTS

The Architects needed a product that has a graphic visual impact with a bright colour to add brightness to the sunlit rooms and an elegant touch of black to the darkrooms. Sound reduction, slip resistance and low maintenance costs were also a requirement.

### SOLUTION

The 'Godfather' of all studded rubber flooring found a place in this lively setting. BS Classic is in fact the modern evolution of Pirelli's original studs and its legitimate heir.

### DESCRIPTION OF FLOORING SYSTEM

BS Classic
