

## Bibliography

### Ngāti Porou Hauora related research and evaluation publications and reports (to July 2018)

**Note:** This bibliography is not exhaustive — no doubt other unpublished reports and theses wait to be discovered and a few published articles will have been missed. Unfortunately there also hasn't been time as yet to include every relevant article in TRONP and other news publications such as *Kai Tiaki* and *Nati Link*, or conference presentations.
