### Why Me

---

I'm passionate about exploring digital spaces, and the impact that design can have on people, communities, and businesses. I care deeply about the teams I work with, the companies I work at, and the people I design and build products for. I give everything my all, because I'd regret it if I didn't.

### Experience

---

#### **Cozy** / Product Designer

Nov. 2016 - Present, Portland, OR

I lead the efforts for building our design system and improving our core product: payments.

#### **Lingo by Noun Project** / Product Designer

Jun. 2015 - Nov. 2016, Los Angeles, CA

Helped contribute to the overall brand, product, and business strategy. Lead the design of the mac app's core interactions and experiences post launch.

#### **Noun Project** / Product Designer & Design Systems

Apr. 2014 - Nov. 2016, Los Angeles, CA

Contributed to our business strategy and model, re-designed our upload system, designed and developed guides for creator community and designed the internal CMS tool for moderating and curating icon submissions.

### Education

---

#### **University of Oregon** / Journalism: Advertising

Sep. 2009 - Jun. 2013, Eugene, OR
