b. It shall hear all credentials challenges that have been submitted to the County Chair. The hearing procedure shall be the same as provided under Article VIII, Section 3 of these bylaws.

c. It shall assist the Convention Chair and Convention Secretary in conducting a poll of the delegates when necessary.

d. This Committee may appoint, when necessary, clerks to assist in checking the names of those present against an official registration list and in polling delegates when required.

2. The Resolutions and Platform Committee shall be comprised of members, the number of which has been determined by the County Chair. It shall consider all suggestions for resolutions and for the County Platform, making such recommendations to the Convention. The Convention shall act on said recommendations and receive and act on recommendations made from the floor as well. Said Committee shall meet at the call of its Chair.

#### Section 6 – Delegates and Alternates to the Democratic State Convention.

A. Delegate and Alternate Delegates to the State Convention from the several counties shall be elected in numbers as allocated to the respective counties as follows:

1. Any person registered as a Democrat at least fifteen (15) days prior to said County Convention may be nominated as a delegate to the State Convention by making written request prior to the convention or by nomination from the floor. The nominee must be present at the convention for a floor nomination. In making the nomination, the candidate's presidential or uncommitted preference shall be given and recorded. Honorary or special positions in themselves do not qualify a person for nomination or election as such delegates or alternate delegates.

2. The County Convention shall determine whether to send delegates to the State Convention with one vote each or one half vote each.

3. In each presidential or uncommitted preference, the number of nominees of each gender equal to the number determined for the respective categories by the Credentials and Ballots Committee under the Delegate Selection Plan, who receive the highest number of votes, shall be elected. Prior to the election, the Chair shall urge that the ballots be cast so as to obtain a delegation which is a fair and representative cross section of the Democratic Party throughout the county with consideration being given to geographical distribution, occupation, age, sex, race, and presidential or uncommitted status.

3. Those nominees in each status who receive the next highest number of votes after the elected delegates shall be alternates. The alternate delegates so elected shall stand in order to replace delegates, the first being the one receiving the most votes, the second, the one receiving the second most votes, etc. A delegate shall be replaced by an alternate from the same category. If none is available, all of the delegates in the same category shall select an alternate from another category in that county's delegation or from that county's registered Democrats.

4. The method of voting in the election of delegates and alternate delegates by the County Convention shall be as follows:

a. Within each presidential or uncommitted preference caucus the vote shall be by written ballot, each person present and certified by the Credentials and Ballots Committee casting his vote for as many nominees as there are delegates (or alternates) to be elected, or for a lesser number in his discretion. Provided, however, that a method of voting other than by signed, written ballot may be used if there is no objection thereto when the substitute method is proposed. A ballot cast for more nominees than there are delegates (or alternates) to be elected shall be void. An unsigned ballot shall also be void. The delegates (or alternates) elected shall be those of each gender equal to the number to be elected who receive the most votes. If the number of nominees does not exceed the number to be elected, the nominees shall be elected by voice vote.

b. The ballots used shall be distributed to the qualified voters. Irrespective of slated presidential or uncommitted preference, every delegate and alternate to the State Convention chosen by the several County Conventions shall in all respects be a free agent to follow the dictates of his own conscience.

5. A registration fee to cover convention expenses may be imposed or assessed on State Convention delegates, however non-payment of such fee shall not deny any delegate's voting status. Delegates may be required to advance meal and lodging costs if they wish the same to be reserved for them.

6. The County Chair shall serve as Chair of the County Delegation, if the County Chair is selected as a member of the Delegation. Otherwise, the Vice Chair shall serve in the Chair's absence if the Vice Chair is selected as a member of the Delegation. If neither the Chair nor Vice Chair are in the County Delegation, the County Chair shall appoint the County Delegation Chair.

7. If the County Central Committee desires to have pre-printed ballots for the election of delegates and alternates, the County Chair shall include in the publication of notice of the County Convention that such ballot is to be used that that Democrats interested in becoming delegates and alternates to the State Convention must advise the members of

the Credentials and Ballots Committee at least 24 hours before the County Convention convenes, of their candidacy to ensure the inclusion of their names on the pre-printed ballots. The names of all qualified Democrats submitted to the Credentials and Ballots Committee shall be placed on the ballot. The use of pre-printed ballots shall not be construed to deny the right of any person to be nominated from the floor of the County Convention. In the event pre-printed ballots are used, names will be placed on the ballot by random drawing.

8. In the event that insufficient Delegates are elected at the County Convention, in order to meet the designated number of Delegates, the County Chair may appoint Democratic residents of the County to fill the vacancies. Such appointments shall be certified in writing to the State Chair within 10 days of the County Convention.

9. In the event of a delegate's absence, the County Chair may reapportion available votes and/or ½ votes to other present delegates, not to exceed 1 full vote to any registered delegate. The county chair must then inform the credentials and ballots committee of the reapportioned votes.

#### Section 7 – Voting.

- A. Except as provided otherwise in these bylaws, all votes at the County Convention shall be polling the delegates by voice vote. In the event of a call for division, a standing vote shall be taken, and upon request of any delegate, a roll call vote shall be taken. Provided, however, that preceding any vote the Chair may inquire if there is any objection to a voice vote on the issue before the Convention, and, if there be no objection by any delegate, the issue may be resolved by voice vote. A vote on the convention floor or within a presidential or uncommitted preference caucus shall not be made by proxy.

#### Sections 8 – Report to the Democratic State Chair.

- A. Within ten days after the County Convention, the County Chair shall certify to the State Chair, a notarized list on the state-approved forms of convention attendees, the delegates and alternate delegates from their respective counties to the State Convention, giving the names addresses, telephone numbers, email addresses, and if applicable, presidential preference, and the order of priority for the alternate delegates. At the same time, they shall transmit to the State Chair a copy of the county resolutions and of the County Platform for submission to the Resolutions and Platform Committee of the State Convention.
