"I really appreciated Emily and Michael's happy personalities, professionalism, and patience. On our wedding day, Emily and Michael showed up on time, got right to work, and kept going until the night was over. I would recommend them to anyone hoping to capture something special!

# *Frequently Asked Questions*

## HOW DO YOU MAKE US FEEL RELAXED IN FRONT OF THE CAMERA?

---

Most couples choose an engagement session so we can work together before the day of your wedding to build up trust. A few jokes to get those smiles showing never hurts either! And of course, allowing a lot of time for photos so you don't feel stressed.

## DO I HAVE TO ORDER PRINTS THROUGH YOU?

---

No! You are under no obligation to print all of your photos only through us. However, the lab we use will provide the best color accuracy and highest quality as our computer monitors are calibrated for their printers. Additionally, the paper we print on is Fuji Deep Matte, which emphasizes pure whites and rich elegant color reproduction and has a typical longevity of 100 years.

## DO YOU PHOTOGRAPH ELOPEMENTS?

---

Our minimum package for Saturdays is \$1,799. If you are having an elopment or small wedding on another day of the week, please contact us for a custom quote.

HOW DO WE  
RESERVE OUR  
WEDDING DATE?

First things first, call me (Emily) at (830) 433-7070 or email me at [emily@gpweddings.com](mailto:emily@gpweddings.com) to make sure we're available for your wedding day. If so, we can schedule a time to meet in-person so I can hear your vision and make sure we're a great match!
