

TextRecruit

CANDIDATE & EMPLOYEE ENGAGEMENT

TextRecruit is a candidate and employee engagement platform that leverages communication through text, live chat, and artificial intelligence to help you hire better people, faster.

COMMUNICATION PLATFORM FOR HR

Attract Talent

TextApply

Get a customized short code and keyword to put anywhere and let people text in about job openings.

JobChat

Chat with job seekers that visit your careers site to answer questions and increase conversions.

Recruit Candidates

TextRecruit

Build personalized campaigns and recruit more effectively with the #1 ranked texting and chat software.

Ari

Automate conversations with candidates to collect information, ask questions and schedule interviews.

OUR IMPACT

"We sent our first text campaign out through TextRecruit and tripled the funnel of interested candidates for the position."

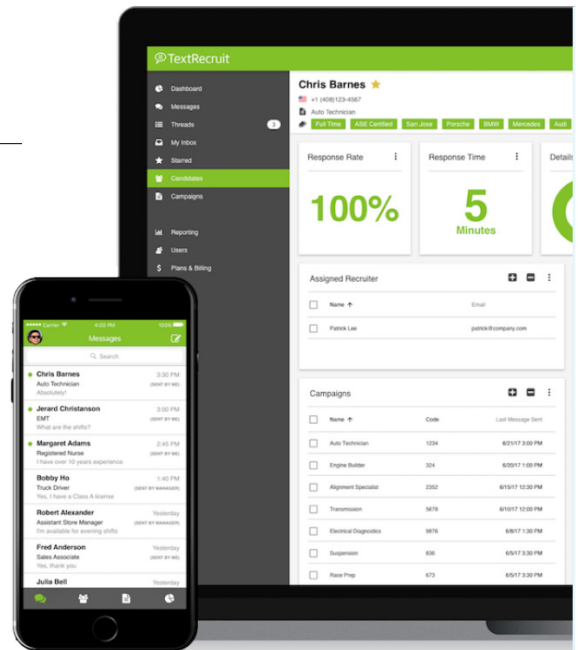

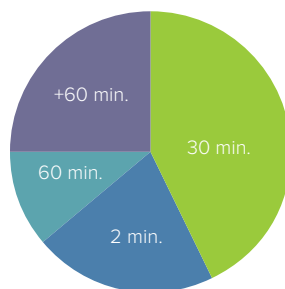

– **Mathias Connot**, Senior Sourcing Manager, VMware
