

NORMANN STAFFING

Normann Staffing is the Hudson Valley's premier resource for temporary and permanent staffing.

Since 1980, Normann Staffing has matched over 300 regional employers with more than 3,000 people.

Normann Staffing has become known for reliability, being easy to do business with, and finding the *Perfect Fit* between employer and employee.

The tradition endures today under the leadership of Anthony P. Marmo, a health care executive and civic leader who acquired the firm in May 2014.

NEW PARTNERSHIPS

Under Tony's direction, Normann Staffing is taking on an added mission: helping clients meet staffing needs. Normann Staffing works elbow-to-elbow with your leadership team, helping you navigate the swells and dips in personnel requirements. "Your success is our success."
