Meet the new OSPMA Executive Director

Charles (Charlie) Womack. Charlie was the Facility Manager for the Bristow Public Schools for many years. He was heavily involved in the OSPMA, serving 2 terms on the Board of Directors including a term as President. He has been involved in the construction industry all of his adult life with strong ties to public education in the state. Upon hiring Mr. Womack stated "I am very excited to once again be involved with OSPMA. I believe facility management personnel to be some of the most dedicated and effective people in the state education system and would encourage anyone who has a question or problem related to school facilities in the state to feel free contact me at any time. The OSPMA stands ready to help any school advance the opportunities for the students in Oklahoma. I look forward to seeing everyone in September at Lake Murray" Mr. Womack can be contacted by email at director@ospma.org or by phone at 918-352-5454.
