## OSPMA Board Cancels 2020 Fall Conference!

After much thought, research, and debate the OSPMA regrets to announce it has decided to cancel the 2020 fall conference scheduled for September 23rd and 24th at Lake Murray State Park. After 42 consecutive years of having a state wide conference the board has voted to cancel this year's edition and to begin planning for one day workshops early in 2021 at sites in both the western and eastern side of the state. We have also set dates for the 21-22 conference to be held at Lake Murray State park as September 22nd and 23rd, 2021. So mark your calendar now to attend.

The board felt that the uncertainty surrounding the start of school, the fact that our personnel will be front and center in that process and not knowing what schools policies and procedures will be regarding school travel for 20-21, the prudent path would be to cancel this year's conference and begin planning for the possibility of hosting bigger, better winter workshops in 2021, with vendors present at sites on each side of the state.

After 42 consecutive years of hosting a conference the board did not make this decision lightly and want to assure our members we are poised and ready to return stronger than ever once this crisis settles down. We had the largest and most successful winter training session of our history in Feb. of this year and we are excited about what the future holds for the OSPMA. We are financially sound for the coming year and will be providing more frequent newsletters during this period to keep you informed of what's happening and to remind you that our vendors are here to help you through these uncertain times.

If you and your school are currently OSPMA members you will remain a member until the registration for the 2021 conference begins next summer. All vendors will also keep their current status until then.

### 2020-21 BOARD of DIRECTORS

**PRESIDENT:** Jared Griffin, Pontotoc Technology Cntr.  
580-320-0507  
[jgriffin@pontotocotech.edu](mailto:jgriffin@pontotocotech.edu)

**VICE PRESIDENT, PRESIDENT ELECT:** Jay Evan, Francis Tuttle Tech Cntr, 405-7174398  
[jay.evans@francistuttle.edu](mailto:jay.evans@francistuttle.edu)

**PAST PRESIDENT:** Danny Strus, Southern OK. Technology Cntr.

[autumn@servproedmond.com](mailto:autumn@servproedmond.com)

**STATE DEPT. ADVISER:** Jason Gray  
405-291-0888  
[jason.gray@sde.ok.gov](mailto:jason.gray@sde.ok.gov)

**EXECUTIVE DIRECTOR:** Charles Womack  
918-352-5454  
[director@ospma.org](mailto:director@ospma.org)

## **Date and location for the 2021 conference set!**

The 2021 conference will return to Lake Murray State Park, Ardmore, OK on September 22nd and 23rd with the Jim Shields Scholarship Golf tournament on the 21st at the Lake Murray course.

## **Mark your calendars now and plan to attend.**

---

### **OSPMA 20-21 Support Safety Memo's available**

As we begin to plan for the new normal in the coming school year do forget the labor department requires regular safety training for all support personnel. The OSPMA developed a process for this years ago and it has stood the test of time. The safety memo programs not only provide this training but do it in a personalized manner and include sign in sheets for documentation should you be inspected by the labor department for this item. As always the Support Memo's will just have the month as the date and you can choose what day to hand out. This will allow you to stay on schedule. The Transportation memos will be dated weekly coinciding with your school calendar. Both memos are available to non-member schools at an increased cost. The order form is included on page 4 and the complete safety program will be sent upon receipt of your purchase order number, completed renewal form, **school calendar** and **blank letterhead** if different from last year. If you have any input for future materials or questions concerning the Safety Programs or any other activities of the Oklahoma School Plant Management Association, please don't hesitate to contact any of the board members including myself.

---

### **Safety and Security Micro-Credential program is up and running**

Jason Gray, OSPMA board member, has informed us the State Department is making the School Safety and Security Professional micro credentialing available to all OSPMA members. The participate codes to attend the training have been provided to Superintendents (or their delegates), so you will need to get your code, or have your administrators ask the SDE for one. You may contact the SDE, through the program, if you are having problems or questions.

More information is available at our websites below
