

AFTER-READING ACTIVITY

Teach the troll to text (nicely)

DIRECTIONS: The troll wants to join the new online social network too, but he is much too rude! He makes everybody angry!

Teach the troll how to behave nicely online. Using some of the phrases you learned in the story, help him practice chatting politely with a new friend in **French**. Have the troll introduce himself, ask and answer simple questions, and then say goodbye.

The image shows a large smartphone frame with a black border. Inside the frame, there are four sets of chat bubbles. Each set consists of a solid-line bubble on the left and a dashed-line bubble on the right. To the left of each dashed bubble is a small circular icon of a troll's face. The bubbles are arranged vertically, with the solid bubbles on the left and the dashed bubbles on the right, representing a conversation between the troll and a friend.
