

AFTER-READING ACTIVITY

A royal shopping spree

DIRECTIONS (Part 1): After attending the parade in his underpants, the emperor now only leaves the house if he's wearing ridiculous amounts of clothing — ten shirts, one hundred pairs of pants, one *thousand* socks! Do you remember how to say those numbers in **Spanish**?

10 (ten)	
100 (one hundred)	
1,000 (one thousand)	

DIRECTIONS (Part 2): The emperor is never trusting another tailor again. Instead he's going to do all his shopping online. This is what he ordered last night. See if you can translate each item in his order into Spanish. Make sure to translate both **the number** and **the item of clothing**.

Items in cart 

1,243 shirts _____

471 pants _____

850 hats _____

60,922 jackets _____

131 shoes _____
