

## AFTER-READING ACTIVITY

# Time words

**DIRECTIONS:** First, work with students to translate each 'time' word in the chart into German. (All of these words appeared in the story, 'Schneewittchen'.)

	German
morning	
afternoon	
night	

Now explore the daily routines of Schneewittchen and the dwarfs. Help students decide when each activity would happen. Then help them write the correct time word in German next to the picture. Practice saying each word as you write it.
