

AFTER-READING ACTIVITY

Time words

DIRECTIONS: First, work with students to translate each 'time' word in the chart into Italian. (All of these words appeared in the story, 'Biancaneve'.)

morning	
afternoon	
night	

Now explore the daily routines of Biancaneve and the dwarfs. Help students decide when each activity would happen. Then help them write the correct time word in Italian next to the picture. Practice saying each word as you write it.
