

Country Music Fans **Social Media Report**

July 2020
USA

dna

We have built this report to showcase Country Music Fans and their social media preferences.

How do they consume social media? And how does this compare to the general population? In what ways do they interact with their favorite artists online and why?

The report will cover:

1. Research Methodology
2. Key Findings
3. Media Snapshot
4. Social Media Overview
5. Artist Interaction on Social Media

dna

Research **Methodology**

Research Methodology

The figures in this report are from research conducted by our research provider GlobalWebIndex.

Below are the key points on the research methodology:

- Online-based syndicated research study
- Measures people aged 16-64
- 46 countries
- Single Source
- Updated 4x per year
- Representative of a country's online population
- Quotas set on age, gender, and education
- Over 35,000 data points
- Historical data available dating back to 2009
- Custom Recontact Survey captures detailed questions on music in five countries: Australia, Canada, Japan, UK, USA

Insights Methodology

The insights in this report have been selected from a rule set which includes a combination of index and reach.

Key Findings

First, let's see a...

MEDIA SNAPSHOT.

Daily Average Time Spent (Hours)

Observations

The U.S. is one of the most multi-connected populations, tuning in every day across all types of online and traditional media.

Country Music Fans have more traditional media tastes compared to the US population, being more likely to watch Traditional TV (3.5 hours) and Traditional Radio (1.2 hours) for more hours per day compared to the average.

When looking at Country Music Fans in the U.S. against the general U.S. population, we can see that Country Music Fans spend less time consuming most media types.

Now onto ...

SOCIAL MEDIA.

dna

Country Music Fans Time Trend Analysis : Reach %

Observations

When looking at usage over time (quarter on quarter), we can see that Facebook usage among Country Music Fans has gradually declined and has just been overtaken by YouTube in Q1 2020.

Instagram is the only social media platform experiencing a consistent increase in usage. Newcomer TikTok is experiencing an uptake in usage among Country Music Fans, albeit off a low base point.
