Various Access
YDM7116 has various access solutions like Fingerprint, PIN code, Card, Key Override, Bluetooth for your convenience.

Operation Status Notification
Whenever any operation is made, the keypad informs you what is happened through different alignment of the numbers.

Mechanical key override
For emergency, it can also be unlocked with a mechanical key.

Voice Guide Feature
As the voice guide is offered that let you know the operation status how to set each feature, mode for easier and more convenient use.

Automatic Locking
The Yale series automatically locks the door after checking it is properly closed. (Manual operation is also available.)

Anti-panic egress with Safe handle
For convenience and in case of emergency, the door is automatically unlocked whenever the inner lever handle is used. And also safe handle will protect from any break-in attempts.

Alarm (Break/Damage/Fire)
80dB alarm goes off if anyone attempts to damage the lock or force the door open.

Fake PIN code
To prevent the PIN Code from being exposed, It allows you to enter Fake numbers before or after entering your PIN Code.

Low Battery and Emergency Power
It warns in case of low battery with alarm and LED. When the batteries are completely discharged, you can easily supply emergency power to the lock with the standard 9V battery.
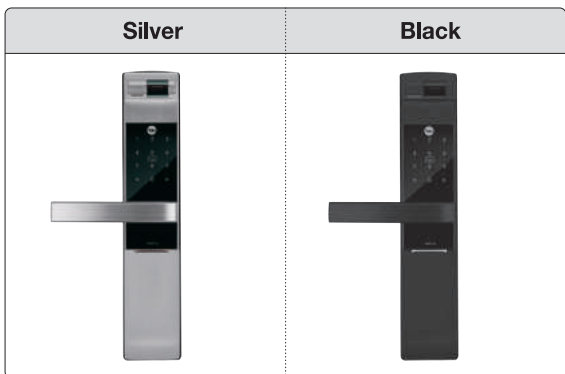

Remote Control (Optional)
Remote control type is also available. Wireless Floating ID technology is adopted and works up to 50m.

Bluetooth (Optional)
YDM7116 is compatible with Bluetooth available on your Smartphone if you have Bluetooth module.
