

AUTOMATICALLY OPERATE DIGITALLY SIGNED CONTRACTS

SmarTract is partnered with SIGNiX, a leading provider of cloud-based PKI digital signatures, a foundational technology of blockchain. The thriving ecosystem of SIGNiX software partners applied some 100 million digital signatures to more than 40 million contracts in 2017 alone.

Marketplace

SmartCanvas

Additional & 3rdParty Helper Dapps

2020

Private Chain Support

AI-assisted Construction

Alternate Chain Support

Decentralized Digital Signatures

BIG PROBLEM

Administration of current legal contracts requires costly manual work to ensure timeliness, performance, and compliance.

BOLD SOLUTION

SmarTract will enable automation of terms and conditions of legal contracts and regulatory forms during the lifecycle of those documents.

PENETRATED
TODAY

\$25B

TOTAL ADDRESSABLE MARKET

The digital signature market is estimated to be \$25B* and only 5% has been penetrated. The new and adjacent market for smart contracts could be as large or larger than the digital signature market.

SIGNiX

EXISTING BUSINESS

40M DIGITAL CONTRACTS IN 2017 ALONE

100M DIGITAL SIGNATURES IN 2017 ALONE

SmarTract will partner with SIGNiX to use its proven, high volume PKI digital signature contracting platform at launch. Virtually every other smart contract platform starts with zero customers and zero contracts.

ROBERT OSWALT
Chief Architect

Authored or co-founded each of the eight patents awarded to SIGNiX. Expert in PKI, Digital signatures, cryptographic processing, and artificial intelligence.

PEM GUERRY
Chief Operating Officer

Executive responsible for technology for the State of Tennessee and two other market-leading corporations. Holds MBA from The Wharton School at the University of Pennsylvania.

JAY JUMPER
Founder & CEO

Established SIGNiX as leading cloud-based digital signature provider in North America. Previously founded ProNvest that is currently approaching \$1B AUM.

JOHN HARRIS
Chief Technology Officer

Prior to joining SIGNiX, managed Adobe's e-signature and approval capabilities, broadening digital certificate trust programs in Acrobat and Reader.

GARY PEAT
Chief Financial Officer

Brings over 25 years of experience focused on early-stage investments in cloud software. Formerly general partner at Council Capital and Principal at Stonehenge Partners.
