From: Bronco Youth Basketball Inc.
To: Parent and Player (member) of Bronco Youth Basketball Inc.

Subject: Letter of Understanding

During the next 9 months, every player will be in situations that result in success and failure. It is our responsibility as coaches, fans, and parents to support and encourage all players no matter the result of their practice and game performance. We encourage a high state of motivation and cheer during the games and at the same time, we discourage any acts of bad sportsmanship towards all players of any team, officials, and coaches. It is the clubs expectations that all members of our organization conduct themselves as ambassadors of the Bronco Youth Basketball Club.

While our relationship with Rancho Bernardo High School and its basketball coaching staff for boys and girls is very strong, it is to be understood that participation in the Bronco Youth Basketball Club does not guarantee selection on any basketball team at Rancho Bernardo High School.

During games, the coaches and players are working hard to follow a specific plan and strategy. There is nothing more distracting and discouraging than having someone else encourage differently. It is greatly appreciated if all family members and friends of a team member refrain from "coaching" their son/daughter or friend from the side. This is solely the responsibility of the teams coach and it should not be interfered with.

All players while attending school are to conduct themselves in a respectful and courteous manner and always remember that their actions are a reflection of the Bronco Youth Basketball Club. School events/functions and academics are the players' highest priority. We expect all players to manage their time and ensure that they are maintaining a passing grade point average.
