"At the end of the day, the most overwhelming key to a child's success is the positive involvement of parents."

March is Reading Month! Reading activities came home to give you some ideas of literacy based activities to do at home. If you need some books to take home to read, please let us know and we would be happy to find some for you. There are a lot of exciting events this month, so be sure to check the monitor and talk with your classroom staff.

From our Executive Director
DENISE SMITH

Why is it important to provide rich language or read to your children?

The 30 million word gap by age 3 is real, and shows up as early as 18 months old!

Don't let this be our little ones' reality. Read to your child(ren) every day.
