

From our Family Engagement Coordinator
JENNY HALL

Families are the first educators of their children and they continue to influence their children's learning and development during the school years and long afterwards. Schools have an important responsibility in helping to nurture and teach future generations and families trust schools to provide educational foundations for their children's future.

From our School Director
JODI RAMOS

As we become familiar with school routines and expectations, it is important that we continue to focus on our emotions and naming them. Help your child identify what emotion they are feeling in their daily check-in, no matter how young they are. When we learn to accurately name our emotions, we are better able to learn how to deal with them. What a powerful skill to learn at a young age!

From our Executive Director
JA'NEL JAMERSON

Did you know that the next census will take place in 2020?

With the First Official Snow Day under our belt, please make sure that our kiddos come prepared to play outside. We go outside daily, even in the snow. If you are in need of winter accessories, coats and/or boots, please contact your Family Engagement staff for assistance. We will be happy to help.
