## PROFESSIONAL EXPERIENCE

### Latch | New York, New York

#### Product Designer

Feb - Aug 2019

A company that provides a smart access system with hardware and software that makes apartment access easier.

- + Contributed to the future intercom system experience from conceptualizing interfaces, visualizing digital experiences to developing the design system using Adobe Creative Cloud, Sketch, Invision Studio, and After Effects.
- + Iterated on designs based on project goals, business requirements, user research findings, and engineering feedback for existing and future products.
- + Created prototypes and iterated towards pixel-perfect final designs for concept validation, usability testing, and partner presentations.

### Six Vertical | Portland, Oregon

#### UX/UI Designer

Sep 2017 - Jul 2018

A consulting firm focused on digital commerce and self-service.

- + Transformed business requirements into creative design solutions including user flows, wireframes, prototypes, and final pixel perfect deliverables for Waste Management, Honeywell, and Vaisala.
- + Implemented creative visual solutions across a wide range of platform that included traditional, digital, motion, and video assets using Adobe Creative Cloud.
- + Created modern digital commerce interfaces while adhering to the client's style and brand guidelines.

### CHOi Design | Chicago, Illinois

#### Product Design Contractor

Feb - Jun 2017

An industrial design firm specializing in product design & development for the medical, consumer, and commercial industries.

- + Developed new websites from ideation to full production with HTML and CSS that focused on site usability and flow of the user experience.
- + Provided visual solutions expressed through hand sketching, digital sketching, and rendering to meet functional requirements for Weber Grills.
- + Produced marketing materials in both print and digital platforms that addressed business, brand, and marketing requirements for the company.

### Adidas | Portland, Oregon

#### Design Storm Participant

Nov 2015

- + Created personas and usage scenarios to develop products and services, targeting female users that are transitioning from high school to college and into their careers.

### Pilotfish | Taipei City, Taiwan

#### Industry Design Intern

Jan - Apr 2015

An innovation consultancy that's specialized in electronic technologies.

- + Participated in design research methods ranging from on-site observation and in-person interviews to evaluating usability studies for redesigning Tokuyo massage chair remote control.
- + Proposed solutions through defining, creating, testing mock-ups, and 3D modeling for various companies including HP and Tokuyo.
