

Continuous Disclosure Policy

1.1. Introduction

The objective of the continuous disclosure policy is to ensure that the Company complies with its continuous disclosure obligations under the Corporations Act and the Listing Rules. Additionally, this policy aims to:

- (a) ensure that information issued by the Company is issued to Security Holders and the market in a timely manner;
- (b) to promote investor confidence in the integrity of the Company and its securities; and
- (c) to generally promote investor protection and protection of the market.

1.2. Continuous Disclosure

An ASX listed company is subject to the continuous disclosure requirements under the Corporations Act and the Listing Rules, in addition to the periodic and specific disclosure requirements in the Listing Rules.

The continuous disclosure obligation is contained in Listing Rule 3.1 and states that the continuous disclosure obligation “will be breached by an issuer who intentionally, recklessly or negligently fails to notify the ASX of information that:

- (a) is not generally available; and
- (b) a reasonable person would expect, if it were generally available, to have a material effect on the price or value of its securities.

Contravention of continuous disclosure obligations can extend to a person (director, officer or executive) who is involved in a contravention of the continuous disclosure regime by a disclosing entity.

1.3. Disclosure exception

The continuous disclosure obligation is not applicable where:

- (a) a reasonable person would not expect the information to be disclosed;
- (b) the information is confidential and ASX has not formed the view that the information has ceased to be confidential;
- (c) one or more of the following applies:
 - (i) it would be a breach of a law to disclose the information;

- (ii) the information concerns an incomplete proposal or negotiation;
- (iii) the information comprises matter of supposition or is insufficiently definite to warrant disclosure;
- (iv) the information is generated for internal management purposes of the Company;
- (v) the information is a trade secret.

To rely on the exception, the above 3 requirements must be satisfied. Should one of the exceptions no longer be applicable then the Company can no longer rely on these exceptions and must disclose the information immediately to the market.

1.4. Compliance

The Company will ensure compliance with this Charter and will disclose:

- (a) price sensitive information to the ASX as soon as it becomes aware of that information;
- (b) ensure that the information is not false, misleading or deceptive so as to avoid creating what would constitute a false market; and
- (c) ensure that the information is disclosed clearly (expressed objectively), accurately and is complete.

In doing so the Company will ensure compliance with Listing Rule 15.7 that requires an entity not to release information to anyone until it has given the information to the ASX and has received an acknowledgement from the ASX that the information has been released to the market.

1.5. Price Sensitive Information

The Company will ensure that all price sensitive information is released to the market in accordance with the Listing Rules and in accordance with the Announcements Procedure in Section 3.9 of this Policy.

Price sensitive information is information that:

- (a) a reasonable person would expect will have “a material effect on the value or price” of securities; and
- (b) if the information were publicly available “would, or would be likely to, influence persons who commonly invest in securities in deciding whether to acquire or dispose of” those securities”.

Price sensitive information includes information relating to a takeover bid or a merger, proposed acquisition or disposal of a material asset, material variations in earnings or profits from previously published forecasts, a material change to the business plan, loss of a material contract and major litigation.

1.6. Loss of Confidentiality

Where confidentiality is lost as a result of a specific rumour or media comment then the Company will respond to media speculations to the extent that such responses are required to correct or prevent a false market. In light of this, the Company may issue an announcement in response to a market speculation or rumour where it is necessary to do so to eliminate the possibility of a false market or contravention of the Listing Rules.

Where an Officer, Executive or employee is approached by the media or any analysts or other external parties with respect to providing any information about the Company the general policy to be observed is a “no comments” policy and that employee will notify the Company Secretary as soon as possible.

As part of the Company’s management of investor relations it may conduct briefings with analysts or investors from time to time. However, the Company’s policy for conducting these briefings will be to ensure that no material price sensitive information is announced prior to it being announced to the market. No briefing will be held during the pre-results periods. In addition, a procedure will be in place for the conduct of the briefings which will include that at any briefing 2 Company employees must be present, notes of the briefing must be kept by an employee attending and any information to be used at briefings must be signed off by at least two Directors prior to the briefing.

Where in the course of a briefing a question is raised that refers to price sensitive information that has not been previously disclosed the Officer, Executive or employee must decline to answer the question but take the question on notice and advise the Board and the Company Secretary of the question.
