

# Which post results services are available?

## **1. Clerical Check**

This is where your exam paper will be checked to make sure that all of the content has been marked. The quality/accuracy of marking will NOT be reviewed in this service.

## **2. Review of Marking**

This is where your exam paper will be sent to a different examiner to check the quality/accuracy of marking. For questions where a specific factual answer is required, any errors found in the original marking will be corrected and appropriate marks then awarded. For longer, more complex questions where the examiner has used academic judgement to award a mark, small differences in marking by the second examiner will NOT be amended.

## **3. Priority Review of Marking**

This is the same service as a Review of Marking but with a faster turnaround. This service is appropriate for students who are awaiting confirmation of a place at university.

## **4. Access to Script**

This is where a copy of your exam paper will be sent for you to check. You may wish to look at the paper yourself before deciding whether to ask for a Review of Marking. You can combine a request for a Clerical Check or Review of Marking with Access to your Script.

## **5. Priority Access to Script**

This is the same service as an Access to Script request but with a faster turnaround. This service is appropriate for students who are awaiting confirmation of a place at university.

## **Fees for Post Results Services**

The fees for these services vary between different exam boards. In some cases where marks are amended so that your overall grade is increased you may qualify for a refund of the fee.

Abbey Grange will NOT send any requests for post results services until the appropriate fee has been paid and you have signed to say that you understand that a grade could potentially be lowered rather than increased.

**Please collect a post results request form from Miss Wiggins or Mrs Millington.**
