

## **Going Public Interviews**

Since people don't enter the world as Christians, the questions to be answered about your salvation experience/ baptism request are:

1. When and how did you receive Jesus Christ as your personal Savior?
  - a. What was life like before Christ?
  - b. Describe the moment you accepted Christ (we realize not everyone knows the exact time the event occurred).
  - c. What is life like after Christ?
2. Why have you decided to go public with your baptism?
3. Who you would like to thank (i.e. who actively led you to Christ, your LifeGroup members, etc..)?

Please write out your script with the answers to the questions above on a single sheet of paper. When you arrive we will review this with you and then shoot your video.

Going Public (baptism) videos usually range from 1-3 minutes in length, so the more concise you can be with your story, the better it will come across.

When scheduled for a Going Public video shoot, we ask that each person allow 60 minutes in their schedule: 15-30 minutes to pre-interview with a staff member and 15-30 minutes for the shoot itself.

After the shoot is finished, a live baptism date can be discussed and scheduled.

### **\*\*\*FOR CHILDREN\*\*\***

Usually children don't have many details to offer "what life was like before Christ" so we begin with question 2 (above) and encourage the children to share a memorized scripture verse when / if possible. PLEASE PREPARE A VERSE BESIDES JOHN 3:16, perhaps the monthly verse from LifePoint Kids.
