Introduction

Clym's data privacy platform helps companies meet their data privacy law compliance obligations, no matter where they are in the world. From GDPR to CCPA to APA to any other data privacy acronym, Clym's cost-effective and flexible platform improves your ability to manage cookies, data subject requests, privacy policies and more in a secure environment.

Clym's geo-location tool enables you to get compliant from a global perspective, so that your customers in London, Los Angeles or any other location are covered. Our business-friendly, customizable user interface facilitates compliance without frustrating or confusing your customers. It's a win-win.

One platform for your global data privacy needs
