

JOURNEY OF THE UNIVERSE CONVERSATIONS

Conversations with Scientists, Environmentalists, and Educators

Hosted by Mary Evelyn Tucker, Yale University

A twenty-part series (30 minutes each) in a 4-DVD Set

The **JOURNEY OF THE UNIVERSE CONVERSATIONS** is an expansive, multidisciplinary project that re-imagines the universe story and the human role in the flourishing of the Earth community. The series invites viewers to become fellow travelers on an immense journey — from the beginnings of the universe, to the origins of life, to our current emergence as a planetary presence. This DVD set, consisting of twenty half-hour episodes, is designed to accompany the Journey of the Universe film, book (Yale University Press), and curriculum. It can be used for study in classrooms, community centers, and conferences
