

Radiology+ Profile Sheet

Services: Premium, Artificial-Intelligence-focused, radiology-related services consisting of consulting, recruiting, and second opinions (future)

Primary Markets Served: Hospitals, imaging centers, and radiology groups

Future-Proof: Our **Radiology+** services help clients prepare for the Age of Artificial Intelligence

Consulting Snippet: Our **Azure** plan offers hospitals custom-tailored radiology coverage for a contract term while our one-use contract and subscription **Indigo** plans offer hospitals, imaging centers, and radiology groups personalized consulting to enhance their efficiency, quality, and professionalism

Recruiting Snippet: We only recruit personnel who are future-focused and receptive to Artificial Intelligence

Second Opinions Snippet: By providing second opinions on radiology readings, radiologists protect patients and prepare themselves for an Artificial-Intelligence-dominated future

Related Offering: **Blue Perigee Sapphire** is a unique innovation certification for individuals and businesses; it tells others that a personal or business brand is on the cutting-edge and prepared for the world of tomorrow

Why Us?: As a wide-spectrum innovation company, we're better at spotting hidden issues, better at creating convention-defying solutions, and better at redefining what's possible
