The Topic

Cycle

A cycle diagram is a circular chart that illustrates a series of actions or steps that flow to another.

Start by putting the first stage in one of the boxes. In the next box round the circle, place the next step and so on.

Talk through your cycle with someone else and make sure you understand it.

New Vocabulary?

Reflection

How well did you **understand** the key ideas?

How **interesting** did you find the topic?

Elaborate

Talk
through
your ideas.

Hypothesise

What
would
happen
if...?
