Time TBC

QEII Centre, London

HOW TO SET UP YOUR COMPANY'S RESPONSIBLE SUPPLY CHAIN MANAGEMENT SYSTEM

As we enter the decade of change, there has never been a higher recognition of the value of corporate non-financial reporting than today. Join us for a two-day training course designed for purchasers and suppliers interested in becoming more responsible in the way they do business.

Summary

This hands-on workshop is carried in partnership with leading consultant Global CSR and will show participants how to set up a responsible supply chain management system that is aligned with the UN Guiding Principles on Business and Human Rights and the OECD Guidelines.

GLOBAL CSR
sustainable business consulting

About the facilitator

Sune Skadegaard Thorsen is the CEO/founder of GLOBAL CSR, and is recognised as a leading sustainability consultant advising corporations, governments, multilateral organisations and non-governmental organisations on how to implement CR with an International Principles-Based Approach.

What you will learn

TOPIC

1

What are the minimum requirements of Responsible Business Conduct?

Develop an understanding of the UN Guiding Principles on Business and Human Rights and the OECD Guidelines on which IMPA ACT has based its Supplier Code of Conduct.

PEOPLE, PLANET, PROFIT

How does the minimum standard for Responsible Business Conduct relate to the wider field of CSR?

Learn how Responsible Business Conduct relates to the 17 Sustainable Development Goals and principles of the UN Global Compact on human rights, environment and anti-corruption.

TOPIC

2

RESPONSIBLE CONDUCT & CSR

TOPIC

3

What are the requirements of your company's commitment and how should they be stated?

Learn the key elements of a policy commitment, from what it should list to making it public and having it approved by senior management, and understand how to develop one.

THE POLICY COMMITMENT

What is social, environmental and economic due diligence?

Learn how to start up comprehensive due diligence work for your company by identifying adverse impacts and mitigating them, and how and when to properly document it.

TOPIC

4

CONDUCTING DUE DILIGENCE

TOPIC

5

How to manage your responsibility in business relationships

Handle risks of adverse impacts on the CSR principles in the supply chain by requiring your business partners to formulate their own responsible supply chain management processes.

BUSINESS RELATIONSHIPS
