Pregnancy & Infant Loss Support

*You will never forget, but you will find
your way back...today you begin your
journey to hope and healing.*

Every child is a symbol of hope, a promise for the future. When a baby dies, whether by miscarriage, pregnancy complications, prematurity, stillbirth, Sudden Infant Death Syndrome (SIDS), or any other cause, it may seem that all hope is lost. It may be hard to express your feelings and even harder for others to share their sadness with you. And so, there is often silence, a silence that weighs heavily on your heart and seems to minimize your loss.

Share of Lancaster offers support for families who are in need of an ear to listen, a hand to hold, arms to reach out, or just a time and place to validate your loss, begin to heal, and find hope again.
