PREVIEW

1.0 INTRODUCTION

Rockmail does not routinely perform work that is associated with, or has a potential arsenic hazard. However, due to the varied nature of our business and the associated work, Rockmail has developed the following guidelines in the event of an arsenic hazard on any of our job sites.

2.0 PURPOSE

To provide general guidelines for Rockmail employee safety when working around arsenic.

3.0 SCOPE

This section applies to all operating units.
