

Better Discharge Planning with Rehab:

Trinity Rehab Services will discuss best practices for Discharge Planning to meet clinical, regulatory, and operational needs in future reimbursement models

Speakers:

- Nick Hicks, VP of Operations
- Robert Latz, CHCIO

Also available today:

- Sue Lewis, CEO

Key points from presentation

1. Data sharing during transitions of care is important
2. Functional assessment data improves successful discharge to community
3. Rehab should be involved to prevent readmissions

Trinity Rehab Services can help.
